Then you can avoid fewer detours in your life, You **DES-4332 Test Objectives Pdf** can test on soft version like the real scene time to time and keep you good exam condition.

### NEW QUESTION: 1

Scenario

Additional Information

Further information on some resources who could be involved in the project:

**Outcome Account Manager:** He represents Outcome which is a recruitment agency that provides specialist outsourcing resources. Outcome provided the consultants who carried out the feasibility study and the same consultants will be providing support and guidance to the Information Technology and Facilities teams during the project.

**Director of Finance Division:** She was transferred from the Information Technology Division 12 months ago. She is responsible for ensuring a cost-conscious approach is adopted in all operational and project activities across the Ministry of Food Hygiene.

**Hardware Manager:** Reports to the Director of Information Technology. He provides computer hardware to all business functions but has little awareness of the needs of his colleagues working in software.

**Payroll Manager:** Reports to the Director of Finance. He is a very experienced and efficient qualified accountant who has much of the responsibility of running the Finance Division on behalf of the Director of Finance. He has been involved in drafting the Ministry's business strategy and assisting in a full business risk assessment. He also drafted the corporate Business Case standards.

Which 2 alternative actions apply to the proposed Senior Supplier for this project?

- A.** Retain because she is responsible for the design of the future Information Technology organization and working practices.
- B.** Add 'Director of Facilities' because he is responsible for the design of the future organization, processes, systems and operation models for Facilities.
- C.** Replace with 'Director of Facilities' because he supports the initiative and has many ideas about how to improve the service.

**D.** Remove because she only represents the Information Technology Division.

**E.** Add 'Hardware Manager' because he provides computer hardware to all business functions and will be impacted by the outcome.

**Answer: A,B**

### **NEW QUESTION: 2**

**A.** Option D

**B.** Option B

**C.** Option A

**D.** Option C

**Answer: B**

Explanation:

Explanation

Permission inheritance (not in any order):\* Permissions are additive if not in conflict so user gets permissions from both groups.\* Permissions at lower level in hierarchy has precedence.\* Permissions on user has precedence over Group\* Deny permissions has precedence over Allow.

### **NEW QUESTION: 4**

A project manager has recently been hired to lead an existing project. The project is behind schedule and almost no project documents have been stored. The new project manager appreciates the need to comply with statutory requirements and prepare for future audits: but the team's focus has been only on delivering the end result.

How should the project manager address this conflict?

**A.** Consult with internal archiving experts to clarify archiving policies within the organization and apply those policies to the project.

**B.** Maintain documents such as the risk register, issues log, and quality metrics.

**C.** Meet with those who will be using the technology to determine what key documentation is necessary and ask the team to comply.

**D.** Require the team to maintain extensive documentation for future audits.

**Answer: A**
